Education

B.E. in Electronics and Communication Engineering	2023–2026
Annamacharya Institute of Technology and Sciences, Rajampet, Andhra Pradesh	CGPA: 8.78
Diploma in Electronics and Communication Engineering	2020–2023
Government Polytechnic, Pillaripattu, Puttur, Andhra Pradesh	CGPA: 9.04
Secondary School of Education	2019–2020
Sri Chaitanya School, Chittoor, Andhra Pradesh	CGPA: 9.8

Skills

Programming: Core Java, Python (Basics)
Frontend: HTML, CSS
Database: MySQL (DML, DQL, DDL, CRUD Operations)
Core: OOPs, OSI Model
Tools: GitHub, IntelliJ IDEA, MySQL Workbench
Soft Skills: Critical Thinking, Problem Solving, Attention to Detail, Team Collaboration

Projects

ElectroCart – Electronic Products E-Commerce Platform	July 2026 – Sep 2026
<i>Java, Servlets, JSP, HTML, CSS, MySQL, JDBC, Apache Tomcat, Maven, MVC Architecture</i>	
🌐 Live Demo 📁 GitHub	
- Developed a full-stack e-commerce web application using Java, JSP, Servlets, JDBC, HTML, CSS, and MySQL, following a structured MVC architecture. - Implemented core e-commerce functionalities including user registration/login, product browsing, category management, cart, wishlist, order management, and payment processing. - Designed and integrated a MySQL relational database with tables for users, products, categories, cart, orders, payments, addresses, and wishlists using JDBC. - Deployed the Java web application on Railway with a cloud-hosted MySQL database, configuring environment variables and database connectivity for public access.	
Intelligent IoT-Enabled Smart Precision Farming System	Jan 2026 – Apr 2026
<i>Python, Embedded C, Arduino Mega, NodeMCU, ThingSpeak</i>	
- Developed an IoT-based automation system for soilless agriculture, reducing manual intervention by 80%. - Implemented real-time monitoring of pH, TDS, temperature, and humidity through sensor integration. - Built a plant disease detection module using Python-based image processing, achieving 90.67% accuracy. - Integrated a ThingSpeak cloud dashboard for live data visualization and remote monitoring. - Designed an automated nutrient dosing and control system to optimize plant growth.	

Strengths

- Quick learner with strong adaptability to new tools and technologies.
- Fluent in English with strong reading, writing, and verbal communication skills.
- Effective time management and ability to work well under pressure.
- Proactive Communication and team collaboration skills.

Interests & Hobbies

- Playing cricket on weekends to stay active, maintain fitness, and relieve stress.
- Committed to continuous learning and professional development.
